

RACK CONVEYOR TYPE DISHWASHERS

RACK CONVEYOR RC 150

This compact multi-speed Conveyor can wash upto 100 baskets/hour and is the ideal solution for small and medium-sized operations. Its compact dimensions, contained cost and extreme versatility can profitably substitute manual wash without increasing utilisation costs. A hood dishwasher can be used when experiencing an elevated daily or seasonal workload. The direction of the flow of the machine can be inverted based on the kitchen layout.
