

Countertop Electrical Warming Tray

Butler also offers a viable solution for those who want to make use of their regular, induction incompatible chafing dishes. These portable electrical warming and holding trays from Butler keep food at the right temperature while improving your presentation and overall quality. Similar in looks to the induction warming trays, there are no flames and they use a meagre 250Watts of electrical power and are ideal for catering as well as buffet applications.

- Stylish tempered glass top matching the aesthetics of Butler induction warmers
- Silver frame
- Temperature range: 65°C-105°C
- Electronic overheating protection
